

LP7623

Gas Cylinder Scale

※ Technical Parameters

- ◆ Accuracy class: III
- ◆ Display: 6-digit 20mm LED or 25mm LCD with backlight
- ◆ Work environment: -10° C ~+40° C, ≤ 85%RH
- ◆ Power Supply: AC110/220V 50/60Hz, Built-in battery DC7.4V/4.0Ah

※ Structural Features

- ◆ Robust double layer frame structure, impact resistance, long term stability
- ◆ Special buffer safety device for effective protection of load cell
- ◆ Nylon roller mechanism for cylinder of different diameters
- ◆ Carbon steel scales: The integral shot blasting and plastic spraying process has strong corrosion resistance
- ◆ Shot blasting process for stainless steel scale body
- ◆ 304 stainless steel storage tray (optional)

※ Product Functions:

Accumulate	Hold	Animal weighing	Counting	Checking	Sorting	Rechargeable battery	RS232	RS485	Printer (Optional)	Bluetooth (Optional)
Zigbee (Optional)	Relay (Optional)	4~20mA (Optional)	Ethernet (Optional)	USB (Optional)	Modbus (Optional)	Profibus (Optional)				

※ Dimensions:

◆ Unit (mm)
